Will you be coming in winter? There are great options to enjoy the snow, in astronomical parks, tours of the countryside and the mountains, Christmas activities and more. If you prefer spring, historic trails await you; nature walks on foot, by bike, on horseback, by donkey, by boat, theme parks, adventure sports, circuits with tracks, visits to farms, etc.

In summer, the offer is splendid: discovery routes through the countryside, mountains and villages, diving to the bottom of the sea, bathing and water sports, boat rides, swimming among tuna, finding treasures,

solving enigmas... And in autumn it is a delight to walk through nature on foot, on horseback, by bike, on Segways, by boat, learn to fish, listen to the bellowing of the deer, have fun in the adventure parks, visit caves and museums, become an artisan, live a day on a farm, observe the sky... and there are very attractive proposals to experience a terrifying Halloween.
